There's a lot of history along the Route 17 corridor in the Elmira/Corning Region, we suggest checking out these highlights that make for a great family day trip. Start the day on the beautiful campus of Elmira college and visit one of America's literary treasures: Mark Twain's writing study is where he wrote Huckleberry Finn and other classics, and it's just one of many Twain-related displays and artifacts you'll find nearby!

From here it's just a short drive along Route 17 for a visit to the amazing Corning Museum of Glass. The museum is an awe-inspiring tour through the history of glass making with the world's best collection of art and historical glass. There's a new contemporary art and design wing, as well as hands-on activities and cool demonstrations for the whole family.

CORNING MUSEUM OF GLASS

From Corning, it's just a 20 mile drive Northeast on Route 414, to the Finger Lakes' most famous state park at Watkins Glen! The glen stream descends four hundred feet and generates 19 water falls along its two mile length. Walk all along the gorge path and marvel at 200 hundred foot cliffs and breathtaking natural beauty. There are scheduled tours, camping and picnic facilities too.
