How to Love Someone

By, Grace Donahue
To love a cat, first pet the cat. You give it some food. Then you read it a story.
To love a bunny, you give her an umbrella if it rains. You need to give her a snack. Then let her jump!
To love a dog, you need to play with it. You need to walk it and hug it. He has to have water and food.
To love your family, you need to give them hugs.
You need to give kisses.
You need to always listen.
To love yourself, you should drink and eat healthy food. Always go to school on time.
Hug yourself!
