## Wolf connection

by Amina Subasic

One day my family and I decided to go to the zoo. We packed some snacks and went. When we arrived we saw so many animals. We saw a giraffe and I got to feed it! I also got to ride a horse!

We saw so many cool animals! We saw donkeys and pigs, horses and giraffes. But then I saw a wolf. She was beautiful with her white fur and blue eyes. Somehow the wolf was scared of everyone. But then the wolf came towards me. We stood there for a while and stared at each other. But then we finally stopped, and the wolf quickly went back to her den.

When me and my family went home I said to myself I will always remember that beautiful wolf.
