

Name: Zeha Slonim

About Children  
1. children are nuts! Don't try to reason with them. Children

2. Children are different. Children are very clever. Because they ask questions that we adults have stopped asking.

3. Children want you to be their friend. They don't! They want you to be their parent.

4. Children take any notice of what you say. They don't! They only take notice of what you do.

5. Children's greatest fear is that you die. It isn't! Their greatest fear is that they are not good enough to be loved!
